## A Snapshot in Time

When our beloved Lakewood Masonic Temple was being built in 1915-16, a little rain made for a muddy construction site and some wet bricks and limestone blocks but no undue damage. (No, that's not the rubbish of the Temple in the foreground. Those are bricks which were used in the exterior walls behind the limestone façade.)

Nine decades later, however, water is a damaging force when it invades our historic home via eroded mortar joints, aging windows or a cracked roof. Concrete and plaster spall, and paint peels. Worse than any visual distress, though, is the real danger of hidden structural deterioration.

Our next steps in our continuing battle against water will be to replace our boiler room roof, replace our Lodge Room balcony windows and re-point the balance of our exterior masonry. Critical projects such as these are made possible in large

measure by gifts to The Lakewood Masonic Foundation and/or The Lakewood Masonic Temple Company. Donors desiring preferred federal tax treatment will want to donate to our Foundation. Gifts to our Temple Company are also greatly appreciated but are not deductible for federal income or estate tax purposes. You can make your important contribution by using the form on page 11.

## Whence Come We?

We often hear that our attendance suffers because so many of our members and families have moved away from Greater Cleveland over the years. An analysis of our newsletter mailing list belies that assertion. Of the 748 Lakewood Masonic Family households on our list, 360 (48%) are in Cuyahoga County; 152 (20%) are in adjacent county areas ranging from Avon Lake, Elyria, Lorain and North Ridgeville on the west side to Brunswick, Medina and Streetsboro on the south side to Chagrin Falls, Mentor and Willoughby on the east side. Taking these together, over two-thirds (68%) of our addressees are within a reasonable driving distance of our historic home. Of the remainder of our households, 31 (4%) are elsewhere in Ohio, 189 (25%) are in 33 other states and 16 (2%) are in foreign lands including Canada, Germany, Hungary and Japan.

Need a ride or want to car pool to meetings and activities? Call your presiding officer or secretary with your request, and they will do their best to make suitable arrangements. Come back regularly to our historic home and experience the fraternal and aesthetic joy that cements us together.

## Golden Rules of Giving

1. Give without being asked. Review your assets, not just your cash, to decide how much you can afford to give.
2. Remember key people and experiences in your life when deciding where to give. Begin with causes closest to your heart.
3. Study the best methods for making donations. You might make charitable gifts directly from your assets rather than from your income.
4. Seek no undue influence from your giving. You may want to restrict some gifts for specific purposes, but further conditions may prevent an organization from meeting its current needs.
5. Make giving an integral part of your estate plan. Consult an attorney, accountant or professional estate planner for help.
6. Make "challenge gifts" to encourage others to give.
7. Evaluate the financial efficiency of an organization before supporting it. Look beyond the emotional appeal.
8. Emphatically oppose unprofessional appeals.
9. Encourage your family and friends to give to good causes.
10. Consider your financial responsibility to your family as you design your giving. You cannot support all causes.

Your donation to The Lakewood Masonic Foundation will enable us to carry on our important historic preservation, charity and education work. And other than printing, mailing and very minor administrative expenses, all Foundation monies are used to support our underlying purposes.

## Our Boiler Room Has Its Own Roof??

And just where is our boiler room anyway?

Back in 1916 boilers were stoked with coal and topped up with water using actual human beings as operators. This was long before the days when automatic coal and water feed systems came into general use, and several decades before coal was generally replaced by fuel oil or natural gas. An improperly managed boiler might just explode with a resulting risk to people and property.

Perhaps for that reason, and also to save space within the building proper, our boiler room (along with others of that era) was built outside the footprint of our building. It is adjacent to the west wall of the building, one level below the Banquet Room. It was originally accessed by going outside and entering a separate door. A hallway was later constructed connecting the dishwashing room to the boiler room entrance.

Our boiler room has its own flat roof, complicated further by the joint with the add-on hallway roof. While the clay tile roof of our Temple has the potential to last for hundreds of years, flat roofs must be replaced every 20 years or so. That time is now.

Our present boiler room roof merely drains onto the adjacent parking lot, causing ice problems in winter. This time around we are going to eliminate this problem as well by adjusting the roof pitch and installing drains to carry the runoff to our storm sewer.

## Master's Message

Greetings from the East. This year's Inspection was on February 8 in the Fellowcraft degree. Thank you to the officers, members and friends who helped make our evening a success.

With Inspection past, we now turn our attention to our other degree work, to presenting service awards to our veteran members and to the opportunity to spice up our meetings to make them even more informative and entertaining. Your thoughts are always welcome.

In May we will be making our annual visit to Dominion Lodge #598 in Windsor, Ontario, on the occasion of their Installation of Officers. Many decades-long Masonic and personal relationships have resulted from these visits. Come to Lodge this spring to learn the detailed plans for our trip.

We are still collecting email addresses in an effort to keep you better informed of schedule changes and emergent meetings such as Masonic funerals. To add your address to our growing list, please email me at [gwbvt@yahoo.com](mailto:gwbvt@yahoo.com).

Brothers, I urge you to come out for as many meetings as possible. If you are in need of a ride or anything else, please don't hesitate to call any one of the other officers or myself. My home number is 216.529.1254. I'm looking forward to an exciting and productive year.

## External Qualifications

The *external qualifications* of candidates for initiation are those which refer to their outward fitness, based upon the exhibited moral and religious character, the established reputation, the frame of body, the constitution of the mind, and social position. Hence they are divided into *Moral, Religious, Physical, Mental, and Political* for which see *Qualifications of Candidates*. The expression in the instruction, that "it is the internal and not the external qualifications that recommend a man to be made a Freemason," it is evident, from the context, refers entirely to "worldly wealth and honors," which, of course, are not to be taken into consideration in inquiring into the qualifications of a candidate.

—From Mackey's *Revised Encyclopedia of Freemasonry*, 1946

## Internal Qualifications

Those qualifications of a candidate which refer to a condition known only to himself, and which are not patent to the world, are called *internal qualifications*. They are: That he comes forward by his own free-will and accord, and unbiased by the solicitations of others; that he is not influenced by mercenary motives, and that he has a disposition to conform to the usages of the Order. The knowledge of these can only be obtained from his own statements, and hence they are included in the preliminary questions which are proposed before initiation.

## Master's Message

Dear Brothers, by the time you have read this many surprises will have happened to me; but they were very good experiences. I will highlight some of them.

All Worshipful Masters installed met in Dover Lodge and received instructions from the Grand Lodge. So I had the opportunity to meet some of them and interchange ideas.

Then our Installation happened, oops, let me tell you being in the East and seeing the Past Masters perform the Installation so smoothly made me proud to be a member of Lakewood Lodge #601 and be raised by them.

We then prepared for the Christmas Party for which I had no idea how to start; but my good luck came again to my rescue sending me our Past Master Millard MacDonald (who is now seated in the West) and his wife Beverly, Past Master Robert Carroll and the officers who took time to go shopping and then wrapping the gifts. Remember, I said before they are the best. The Christmas Party was a success because we had very good attendance between children and adults, good entertainment by Brother Gary Rice and refreshments.

We had our first meeting on January 8. Can you imagine what happened? This was an experience!

February was the month for our special Chili Night. For the ones assisting, I hope you enjoyed it; because Brother Cecil Hamilton made the best chili in town. I hope those who could not come will come next time.

March 26 is our Inspection. Our DDGM, RWB Donald Van Horn, will be present. We need help to do our Inspection; please call me if you can help. My phone number is 216.228.4147.

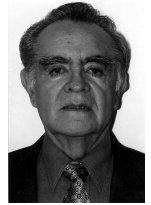

Finally, we have started working for our special meeting in April. We will keep you posted.

Try to be patient with this winter, because it is almost done.

# Ann Rutledge Chapter #453 O. E. S.

Stated Meetings First & Third Wednesdays 1:30 p.m.

## Matron's Message

Sisters and Brothers, most of the Ohio winter season has passed, and the New Year finds us looking forward with renewed faith to better days ahead. In doing so, we must also reflect on the past in order to construct plans for our lives ahead. (Read Proverbs 16:1-9) "A man's heart plans his way, but the Lord directs his steps."—Proverbs 16:9.

There can be vast differences between PLANS and REALITIES. We all desire good health and happiness, both of which are strongly affected by ATTITUDE. While neither the Order of Eastern Star nor Ann Rutledge Chapter has time or room for negativity (remember our oaths) we DO have ENDLESS CAPACITY for smiles, hugs, consideration of others, a spirit of co-operation and support, helpfulness, friendship, mirth and happiness! Make a conscious decision to step over the threshold of the "Happiness Portal."

How to be happy. (Read Psalm 146) "Happy is he who has the God of Jacob for his help."—Psalm 146:5. The following is a list of Ten Rules for Happier Living:

1. Give something away—preferably yourself.
2. Do a kindness with an open heart and friendliness.
3. Always give thanks to your higher power.

## High Priest's Message

Fraternal Greetings, Companions. The officers extend you all best wishes for the New Year. This newsletter sees us on the eve of our Inspection, which will be in the Most Excellent Master Degree on Wednesday, February 28. As you know, I have always been a strong believer in Masonic Education, thus I always try to include some educational material in our newsletter articles; and this is no exception.

Throughout history, men have tried to explain their views of deity. It is true that "to define is to limit" and man, being too puny to set limit on deity, realized that it is not possible to define deity. The Chinese religious text known as the Tao Te Ching says "Look, and it can't be seen. Listen and it can't be heard. Reach and it can't be touched"; it also says "The Tao that can be spoken of is not the eternal Tao and the name that can be named is not the eternal name"; one of our Commandments says "Thou shalt make no graven image," sharing the wisdom that God defies description, for God is ineffable. God told Moses, "I AM THAT I AM" (Ex 3:14). Jewish tradition considers it a sin to write or speak the name of God. Still, man has tried to put it in words. Early man chose animals to represent the various aspects of deity. Later, man had many gods, attributing different characteristics of divinity to each element of his pantheon. Still later, monotheistic man spoke of a single deity, but used different names to describe the various attributes of deity. One such set of names is known collectively as the "redemptive names of deity," often cited by evangelists F.F. Bosworth and C.I. Scofield. This concept dates back to the ancient Jewish people and is evident in the 23<sup>rd</sup> Psalm. The number of such names varies, but usually includes at least seven of the following:

Jehovah-jireh	God the provider, divine providence
Jehovah-nissi	God is my banner
Jehovah-shalom	God is peace
Jehovah-shammah	God is "there"
Jehovah-tsidkenu	God is just
Jehovah-rapha	God the healer
Jehovah-m'kadash	God sanctifies
Jehovah-tsaboath	The Lord of Hosts
Jehovah-elyon	God on high
Jehovah-raah	The Lord, my shepherd
Jehovah-hoseenu	God our Creator

I ask that you read the 23<sup>rd</sup> Psalm in light of these names: The Lord is my shepherd (Jehovah raah), I shall not want (Jehovah jireh). He maketh me to lie down in green pastures (Jehovah shalom), he leadeth me beside the still waters (Jehovah raah), he restoreth my soul (Jehovah rapha); he leadeth me in the path of righteousness for his name's sake (Jehovah tsidkenu). Yea, though I walk through the valley of the shadow of death, I will fear no evil (Jehovah nissi), for Thou art with me (Jehovah nissi). Thy rod and Thy staff, they comfort me (Jehovah raah). Thou preparest a table before me in

## Master's Message

Companions, on behalf of the officers of Lakewood Council I hope you had a very happy and safe holiday season. I hope you remembered on February 14 to say thank you to your spouse for all the support you receive throughout the year.

In March we will have our Super Excellent Master Degree using a combined cast from Cleveland Council, Forest City Council and Lakewood Council. Lakewood will be hosting this degree and will have a dinner. Call 216.252.1590 for dinner reservations. Also in March Cleveland will turn green for the St. Patrick's Day parade. The parade is one of the largest in the United States and a tribute to our Irish ancestors.

## God

A belief in the existence of *God* is an essential point of Speculative Freemasonry—so essential, indeed, that it is a landmark of the Order that no Atheist can be made a Freemason. Nor is this left to an inference; for a specific declaration to that effect is demanded as an indispensable preparation for initiation. Hence Hutchinson says that the worship of God “was the first and corner-stone on which our originals thought it expedient to place the foundation of Masonry.” The religion of Freemasonry is cosmopolitan, universal; but the required belief in God is not incompatible with this universality; for it is the belief of all peoples. “Be assured,” says Godfrey Higgins, “that God is equally present with the pious Hindoo in the temple, the Jew in the synagogue, the Mohammadan in the mosque, and the Christian in the church.” There never has been a time since the revival of Freemasonry, when this belief in God as a superintending power did not form a part of the system. The very earliest lectures that are extant, going back almost to the beginning of the eighteenth century, contain precisely the same question as to the trust in God which is found in those of the present day . . . .

## Commander's Message

Sir Knights: We had our Christmas Pageant, and it was well received. We had Prince Hall Knights and their Ladies. PGC Ron Ebert and PGC Will Gross spoke on Masonry.

Moving on, I find that our officers and members are no different than others as they struggle to balance their Commandery commitments with their other outside interests. It's the old saying, you get out of it what you put into it.

We will hold practices on the first two Sundays in March beginning at 2:00p. We have two candidates, one of whom will receive his work at our Inspection on Saturday, March 17, at 2:00p.

I am grateful to PGC Ron Ebert, DDC Bill Grater, PGC Will Gross and PC Bob Trigg for serving as my mentors. I feel that I am leaving Holy Grail in better shape than I found it.

## High Priest's Message

*(continued from page 6)*

the presence of mine enemies (Jehovah nissi). Thou anointest my head with oil (Jehovah rapha), my cup runneth over (Jehovah jireh). Surely goodness and mercy shall follow me all the days of my life and I shall dwell in the house of the Lord forever.

Finally, I add a brief note in continuation of last month's article concerning the stones on the High Priest's Ephod (breastplate). I had forgotten to mention that each stone is associated with one of the tribes of Israel. The question is "Which tribes," for the Bible provides several (29) different lists of the tribes of Israel and some have more than twelve and some have less than twelve and the names of the tribes differ from list to list. I had printed a table comparing these lists and have lost it and I see that it is no longer available online. I've tried to gather as many as I could in the brief time before this goes to press. Check them yourself: Gen 35:22-25, Gen 45, Gen 46, Gen 49:3-28, Ex 1:1-5, Num 1:3-15, Num 1:16-50, Num 2, Num 7, Num 10, Num 13, Num 25:5-62, Num 26, Num 34, Deut 27:12-13, Deut 33:7-26, Josh 13-19, Judges 5:12-19, I Chron 2:1-2, I Chron 2-8, I Chron 12, Ez 47:13-48:30, Ez 48:31-35, Rev 7:4-8 (see [http://www.alkwiththeword.org/Aids/Graphical/02\\_OT\\_Study\\_Aids.html](http://www.alkwiththeword.org/Aids/Graphical/02_OT_Study_Aids.html)).

## Master of the Work

The chief builder or architect of a cathedral or other important edifice in the Middle Ages was called the *Master of the Work*; thus, Jost Dotzinger was, in the fifteenth century, call the Master of the Work at the Cathedral of Strasburg. In the Middle Ages the *Magister Operis* was one to whom the public works was entrusted. Such an officer existed in the monasteries. He was also called *Operarius* and *Magister Operarum*. Du Cange says that kings had their *Operarii*, *Magistri Operarum* or Masters of the Works. It is these Masters of the Works whom Anderson has constantly called Grand Masters. Thus, when he says (*Constitutions*, 1738, page 69) that "King John made Peter de Cole-Church Grand Master of the Masons in rebuilding London bridge," he should have said that he was appointed *Operarius* or Master of the Works. The use of the correct title would have made Anderson's history more valuable.
